

Type of order:

- By boat every 2 months. Delays approximately 2 months.
- By plane all year round. Delays approximately 3 weeks if total re-establishment of overhead lines. Air transport supplement 1000 xpf / kg.

Payment :

50% on order / 50% on receipt of the goods.
Local check, cash or bank transfer accepted.

How to order ?

- Consult the catalogs with the prices.
- Send a quote request by email.
- Validate your order with a 50% deposit.
- Recover your goods by paying the remaining 50%.

5 good reasons to order with PACIFIC KITE:

- Compliance with official prices (France and the rest of the world)
- Shipping and customs fees are already included for boat orders (additional 1,000 xpf / kg by air).
- You have a 6 month warranty
- You will have good advice for choosing the right material for your level and wind conditions in Polynesia
- You make your favorite kite school work

5 bad reasons to order abroad:

- Even if you receive your equipment HT, it will cost you more with shipping costs, freight forwarder costs and customs taxes.
- If you bring back equipment by plane from abroad, you will have to go through customs at the airport to pay the taxes knowing that you will have already paid the VAT of the country of origin.
- You don't want to declare your goods? At your own risk and pay a fine in addition to the applicable taxes.
- Too complicated to return the equipment to the dealer in the event of a problem
- Banding supplement payable in most airlines
